Mr. Cordell Nelson,
Senior Assistant Registrar, Examinations,
University of the West Indies,
Mona, St. Andrew,
Jamaica,
WEST INDIES.

Subject: Request for my Question Papers from the Scholarship Exams held at UWI, St Augustine, 2006.

Dear Mr. Nelson,

I sat the examination referred to at subject head, in the JFK Auditorium of the University of the West Indies, St. Augustine Campus, on Thursday 2nd and Friday 3rd March 2006 and my examination number was 686524-T.

Immediately upon receiving my first Question Paper, I placed my initials and date at the top right section of page 1. This was to ensure that the Question Paper can be checked by me at a later time and a review of the expected passages can be accurately made.

I had eagerly anticipated this opportunity for self-checking and review after reading Notice number 9, on the overleaf of the Examination Card mailed to me prior to the exam. This Card number is 20067T56. Said Notice number 9 reads as follows: -

“Except for the printed question paper, you may not remove from the examination room, or mutilate any paper or other material supplied”.

These words “remove” and “mutilate” in regards to the question paper, had conveyed to me the feeling that I would have possession and ownership of these papers and was therefore very dismayed when the Question Paper was taken away at the end of the exam.

On the next day, Friday 3rd, before the second examination started, I visited the Administration Office and asked the Assistant to the Senior Assistant Registrar, Examinations, why was my first Question Paper taken away from me. She said quote ‘Those were my instructions and I believe it was done so because the questions can be asked again next year’ unquote.
